Little cleaner than Next 1 with some more mechanics. More or less it's the same, so if you liked that you'll like this and if you like this you'll like that. This one's a little longer - about 60 minutes to complete. The bulk of the time was spent on just a few particular puzzles, but only one level really bothered me (level 98) due to a lack of landing pad indicator.. \u2764 Audience

\u2610 Free. Little cleaner than Next 1 with some more mechanics. More or less it's the same, so if you liked that you'll like this and if you like this you'll like that. This one's a little longer - about 60 minutes to complete. The bulk of the time was spent on just a few particular puzzles, but only one level really bothered me (level 98) due to a lack of landing pad indicator.. Definitely better and more challenging than the first game. Excited for #3 and #4.. cool mini game 2 with cool soundtrack. ez game without guide, a little bit stuck at lv 97 but still an easy game tho. Nice and fun game for relaxing. Why this physics puzzle depends on luck? I don't understand.. cool mini game 2 with cool soundtrack. Coarse physic puzzle. Solution aren't absolute or accurate, often by random luck, puzzles can get solved by clicking 'next' before failure or just lucky, pieces fall in place, unintentionally.

Next 1 felt alittle better.

Truthfully, one quarter of it, already hoping it finishes sooner.

Playable for achievement,
but not recommended.

\udb40\udc21. Next 2 - simple puzzle box from Next series
Probably not much different from Zup! series's concept.
But with minor different mechanic that bring another challenge.

Enjoyed this series for relaxing puzzle game.

It has 100 levels for 25 cents on sale.

Seems good. Mas genial, mas entretenido. Compra obligada!. After several tries I failed to pass even the first level. Buy I like this game anyway. I will try again later xDDD. Why this physics puzzle depends on luck? I don't understand.. Bad levels design. You need to be very quick and very precise to dinish a level, making you repeat the level again and again.
